CITY NOTES.

Frank Gierke, Jr., played Wieniawski's "Polonaise" with great success at the Grand Annual Concert given at the Christian Brothers' College on the 23d ult.

James M. North is at work on a cantata, the subject of which is Saul and David. It is in four parts and abounds in beautiful and striking effect.

Miss Marion Halston, who is spending a few weeks with friends in New York city, will return to her work with Mr. Faelen early in April.

Mrs. Mary Hogue Ludlum has been complimented with the office of Vice-president of the Physical Culture department of the Educational Congress which meets in Chicago in July next.

Miss Nellie Paulding and pupils gave a very successful and enjoyable piano recital at the First Christian Church for the benefit of the church library.

Charles F. Huber, the well-known young pianist and teacher, will give his Fourth Grand Complimentary Concert at Concordia Club Hall on the 1st inst. He will be assisted by the Beethoven Musical Society.

Mrs. Regina M. Corliss has been appointed vice president of the Congress Department of Instructions of Vocal Music which convenes at the Columbian Exposition in July next. The appointment was made by the Department of the Interior and is of great honor.

The **Grand Annual Concert** tendered the Faculty and Students of the Christian Brothers' College by the students, at College Hall on the 23d ult., was a most pronounced success and drew out a large number of friends of this popular institution. Prof. John Collins, of the Faculty, deserves much credit for the splendid programme he prepared.

Engela Williamson, B. E., the well-known teacher of Elocution, has been engaged to give a special term of six days in Elocution and Debate at Champaign Heights, in Southern Illinois. Two entertainments will also be given during the term. Miss Williamson has a large and progressive class of pupils and is much sought after by outside institutions.

The **34th Annual Commencement Exercises** of the Homeopathic Medical College of Missouri were held at Picwick Theatre on the 23d ult. Messrs. Charles Kunkel and Louis Cornish played with great effect two pieces, "Norwegian Rhapsody" and "Mazurka." Cornish's *Polka-waltz*, published in Kunkel's Royal Edition. Miss Agnes Gray played the violin solo "Mazurka de Concerto" by Moutin in a captivating manner and Mrs. Dora Mesing Meyers contributed the song "Ah! Non Più." Meyers' which was much favor. Mr. Kunkel also played the song "Trust in God," by Weinste, a beautiful composition which received with rapturous pleasure. I. D. Fenton, A. M., M. D., LL. D., awarded the prizes in his usual felicitous way.

LOUIS RETTER.

Louis Retter, the subject of this sketch, was born in this city, April 20th, 1861. His musical training was begun at the age of eight years, when he studied violin under the direction of Frank Gierke, Sr., with whom he remained several years. Later on he studied under the direction of Sr. Rob. Sauter. Under these two admirable masters, he made most favorable progress, and in 1881 went to Munich, Germany, where he remained four years. There he spent the time in close study, pursuing violin under Ludwig Abel, piano under Heinrich Schwarz and harmony and theory under Otto Hoyer. Since his return to this country he has enjoyed a large class of pupils in violin and piano. He has been engaged as first

violin player in the Choral Symphony Society for the past five years. His pupal efforts given at Memorial Hall have been quite interesting and creditable. Some of his compositions have received a high degree of popularity, notably "Love's Sweet Message," and have been played by Gilman's Band. There will shortly be issued from the press of Kunkel Brothers a new composition of his entitled "M. Reine" (Gavotte) which is destined to become very popular. He is also instructor at the School of Good Shepherd, Compton and Hermitage streets.

Mr. Retter is still quite a young man, talented and blessed with commendable ability. He has a wide acquaintance and is highly esteemed by all.

A **Piano Recital** was given by Charles Kunkel, assisted by Adelaide Kalkman and Louis Cornish, at Picwick Theatre, for the benefit of the Christian Brothers' College. The program was admirably rendered. Among the features of the concert was Pectow's "Sonata Op. 3," and "André King," "Gems of Scotland," by Charles Kunkel, and "Five Kings," "Weiser Ron Bone," by Louis Cornish. The Kimball pianos used at the concert were furnished by A. J. Kieselhoff, 1000 Olive Street.

The **death** of E. W. Strick was a cause of profound regret to its many friends. He lately suffered the concert that was given for his benefit by Charles Kunkel, assisted by Adelaide Kalkman and Louis Cornish, which was to enable him to go away for the benefit of his brain.

G. A. Kunkel, organist and director at the Annunciation Church, is doing good work there. He has prepared a special service for Easter, "An Introitus," "Missa Solemnis," by Massé, which will be rendered by the choir composed of Mesdames H. Scherer, Ann Kotté, Hy. Stevens, J. C. Lehnrich, Misses Moritz, Carrie Monop, Julia Seifert, Johanna Ziska, Messrs. H. Storfer, Chas. Blum, Ben. Bloomer, Chas. Kunkel, Arthur Ross, Hy. Stevens, Geo. Fleischer and Jas. LaBerge.

Miss Anna Weichs is studying with the celebrated master Leschetizky in Vienna. He noticed her playing as being very musical and intelligent and has shown her marks of favor in various ways. She was graduated last May by Nellie Strick, who is justly proud of her.

GERMAN JOURNALISTS' CONCERT.

The concert given by the Society of German Journalists in the large Music Hall, on the 28th ult., was one of the interesting events of the season. It was participated in by the Choral Symphony Society. Mrs. O. H. Bollman, Mr. Herman Epstein, Miss Lulu Kunkel, Mr. H. Barusch and a chorus of 200 voices. One of the features of the concert was the reappearance of Mr. Herman Epstein, who played Wieniawski's Concerto for piano with orchestral accompaniment in a manner that won him tremendous applause and many warm congratulations. Mr. Epstein is making good use of his time and talents and deserves the recognition his artistic work has brought him.

SUPERFICIAL STUDY.

A common fault of girls trying to sing is to hurry through vocal education. Songs are the summits aspired to, and care given the barbers over which they stumble and bungle, and which they throw aside half learned.

Superficial students will find out to their cost that for every early opportunity neglected, every underlying rule slighted, no matter how apparently insignificant, they will have a very mountain of hard study to take up when the time for it should naturally have passed.

Much, of course, will depend upon health, physique, natural endowment, and application. Health is of vital importance to voice, the loss or absence of the one means, invariably, the loss of the other.—*Young Artist.*

In Italy they deem a triumph in art worthy official recognition. Through Senator Perini the Italian Senate sent to Verdi the following:

To Giuseppe Verdi, Senator:

"The Senate of the Kingdom which honors itself by counting you among the most illustrious citizens of the country, sends to you, the glo of Italy and art, a hearty congratulation (*saluto plaudibile*) on your new triumph."

To this Verdi replied:

To Senator Perini, President of the Senate, Rome:

"I feel deeply the value of the high honor conferred upon me. I beg your honorable President to express to the Italian Senate my profound gratitude."

GIUSEPPE VERDI.

Bolton.—As the librettist of "Falstaff," Signor Bolton received about \$2,000.

Richter.—The great conductor, who will be seen for two weeks at Jackson Park during the World's Fair, will conduct Beethoven's Ninth Symphony, among other works. Richter is a tall, well built man with a flowing brown beard. He conducted his first performance (at Birmingham) of Gounod's "Morceau de Symphonie."

"Why, the sailor is quite dark!" said Mrs. Bunting as she entered the room where her daughter and young Mr. Sparks were sitting.

"Yes, mamma, but I am just going to play some music," replied Miss Bunting as she left the sofa and hurried toward the piano.

THE DISCOVERY OF

AMERICA by Christopher Columbus was a great event in the world's history. Equally great in its line was the discovery of AYER'S Sarsaparilla. *The Superior Medicine*, for the cure of Scrofula and all forms of blood diseases. It cures others and will cure you.

"I can positively assert that Ayer's Sarsaparilla is the best remedy to be had for blood disorders. I have put it

to the severest test, after other remedies had failed, and it did its work well. My daughter had suffered, since infancy, from scrofulous sores and eruptions.

Ayer's Sarsaparilla effected a complete cure. We cannot adequately express our gratitude for what this wonderful medicine has done for our child."—(Geo. M. Pendleton, El Dorado, Ark.)

"When I came out of the army, I was troubled with scrofula. Two bottles of Ayer's Sarsaparilla cured me, so that I have had no return of the disease."—(T. J. Hopkins, Nortonville, Kans.)

"About the year 1847 I was covered from head to foot with white sores. The doctors who attended me pro-

nounced it scrofula, but were unable to do anything to help me. I grew worse. The skin cracked at the joints, so that I could hardly walk. At last some one recommended me to take Ayer's Sarsaparilla. I did so,

and at the end of three months I was as clean as any man. I shall always feel grateful to the discoverer of Ayer's Sarsaparilla."—(E. S. Davis, Laurel, Del.)

"My daughter has been afflicted for several years with scrofula. Having seen recommended Ayer's Sarsaparilla, we tried it, and the result is a complete cure."—(Y. Mattingly, St. Mary's, Ky.)

FAVORITE FASHION JOURNALS

Are Published Monthly in Paris in

French and in English by

A. McDOWELL & CO.

THESE JOURNALS Have long been the
Leaders of Fashion in Paris, and are now acknowledged
to be the standard in this country.

THEY HAVE FOUR POINTS OF SUPERIORITY.

First—They produce original styles.

Usually one month in advance of other journals.

Second—The styles are practical and reliable,

such as the better class in Paris really wear.

Third—The practical lessons on how to cut and

make garments are invaluable. These lessons

simplifying dressmaking are valued at \$12.00

per year.

Fourth—The colored plates are noted for giving

the correct colors, of the materials used, as

well as their general excellence.

These Journals are designed by different artists,

consequently each one is peculiar to itself, giving

its own style.

THEY HAVE NO EQUALS.

AUDIBLE COMPASS OF THE EAR.

We can do a great deal to cultivate the ear, but we can do nothing to extend the range of sounds which the tympanum can receive. The ear may have great reserves of perception, may hear sounds extremely small, distant, and faint and yet be almost deaf to any noise, however loud, if it is lower or higher in pitch than the tympanum is made for. Various experiments show that about the lowest, or what in a musical instrument would be called the deepest bass sound, consists of 19 vibrations in the second, and the highest of nature more than 6,000. Human ears have not all the same compass. A party of young people, all with excellent hearing, was so into the woods, and some will bear the shrill note of the common grasshopper, and some will not hear it even faintly, but surely hear nothing at all. Dr. Wollaston believed that "human hearing never extends more than a note or two above the cry of the common *Cricket cinerascens*." He gives a scale of sounds which he found to be inaudible to some ears. He found that some people could not hear the cry of the lark, nor the chirping of sparrows, which is a few notes above F in the middle of the piano-forte. Not to be able to hear this last note, he considers to be very rare. He believes the whole range of human hearing to be compressed between the deepest notes of the organ and the highest known cries of the insects, including fully nine octaves, the whole of which are distinct to audile to most ears. There may, in fact, be no dumb animals, only their voices may be out of our ear. It must be supposed that small creatures, including quadrupeds, hear sounds much more acute than are audible to us, but some of the lower notes of our scale. This is, perhaps, the case with rats and dogs, who can obviously communicate with one another, coming so close as almost to touch noses, but making no sound audible to us. Thus there is not such a confusion of voices as there would be otherwise. The vast difference of pitch heard by different great tribes of creatures causes us and them to have so to speak, the world to ourselves.—*Tex.*

Commodore's opera, "Charlotte Corday," is nearly finished, and will be performed next year at the Grand Opera in Paris.
